

Mira Connect supports the following equipment

Type	Models	Integration Guide
Audio Conferencing	Biamp Tesira Family with VoIP and PSTN interfaces	Biamp Guide
	Bose ControlSpace EX Family	Bose Guide
	ClearOne Converge Pro Family Includes: Converge Pro 880, 880T, 880TA, 840T, 8i, TH20, VH20	ClearOne Guide
	Klark-Teknik DM8000 (RS-232 control only, require Ethernet to RS-232 adaptor (Aveo part 151.0010.001))	Klark Teknik Guide
	QSC Q-Sys Core Family with VoIP and PSTN interfaces	QSC Guide
	Polycom SoundStructure C16, C12, C8 with PSTN and VoIP interfaces	SoundStructure Guide
	Shure IntelliMix P300	Shure Guide
	Symetrix Radius Family with VoIP and PSTN interfaces	Symetrix Guide
Displays	NEC displays: Universal driver and V323-2, V423, V652	NEC Guide
	LG UV/UX/LX Commercial Display Family: LG-LV340, LG-UV340 and LG-UX340 series and other models with the same API	LG Guide
	Philips Professional Display Family: Q-Line, U-Line, L-Line, P-Line and V-Line	Philips Guide
	Samsung Commercial Display Family: DB, DC, DM, ML-E, OH-E, OM-E, PH, PM, PH-E, QH-E, QM-E, SH, UD, UH, UM, SyncMaster and other Samsung display families that use Samsung's Commercial API commands.	Samsung Pro Guide
	Samsung Smart TV (Prosumer) Display Family: Smart TV's that have an ExLink RS-232 interface. RS-232 control only, require Ethernet to RS-232 adaptor (Aveo part 151.0010.001)	Samsung Smart TV Guide
	Sharp Aquos: LC-32LE653U, LC-60C6500U, LC-60C6600U, LC-60EQ10U, LC-60EQ30U, LC-60LE650U, LC-60LE660U, LC-60LE661U, LC-60Q17U, LC-60SQ10U, LC-60SQ15U, LC-60SQ17U, LC-60TQ15U, LC-70C6500U, LC-70C6600U, LC-70EQ10U, LC-70EQ30U, LC-70LE660U, LC-70LE661U, LC-70SQ10U, LC-70SQ15U, LC-70SQ17U, LC-70TQ15U, LC-70UD1U, LC-70UQ17U, LC-80LE642U, LC-80LE650U, LC-80LE661U, LC-80UQ17U, LC-90LE657U	Sharp Aquos Guide
	Vivitek NovoTouch LK6530i, LK7530i, LK8630i, LK9810i (RS-232 control only, requires Ethernet to RS-232 adaptor (Aveo part 151.0010.001))	-
Network Interfaces	Global Cache: IP2SL-P (Ethernet to RS-232 adaptor)	Global Cache Guide
Projectors	Epson: Universal driver	Epson Guide
	NEC Projectors: Universal driver using the PJLink unified standard. NEC Projectors: Universal driver. See supported projectors in the NEC Projector Guide. (IP and RS-232 control supported).	NEC Projector Guide
	Panasonic Projectors: Universal driver for Panasonic projectors. Supports network and RS-232 control.	Panasonic Projector Guide
PTZ Cameras	PTZ Cameras using VISCA protocol (Ethernet and RS-232 control depending on the model, RS-232 control requires Ethernet to RS-232 adaptor (Aveo part 151.0010.001))	VISCA Camera Guide
Video Conferencing	Cisco SX10, SX20 and SX80 (IP control supported)	Cisco SX Series Guide
	Polycom HDX 6000, 7000, 8000, 9000 series (IP and RS-232 control supported)	-
	Polycom RealPresence Group Series 300, 310, 500, 550 and 700 (IP and RS-232 control supported)	Group Series Guide
	Zoom Rooms software-based video conferencing.	Zoom Rooms Guide
Video Switchers	Extron Presentation Switchers IN1508, IN1608 and related families, and SW HD 4K family of switchers, and DTP CrossPoint 4K Series including the DTP CrossPoint 82, 84, 86 and 108 4k models and the SW USB family. (Ethernet and RS-232 control depending on the model, RS-232 control requires Ethernet to RS-232 adaptor (Aveo part 151.0010.001))	Extron Guide
	FSR DV-HDSS-41-TX (RS-232 control only, requires Ethernet to RS-232 adaptor (Aveo part 151.0010.001))	FSR Guide
	Hall Research: Supported products - HSM-44 BX, HSM-88-4K, SC-1080R, HSM-04-04 and SW-HD-4 (IP control supported)	Hall Research Guide
	Kramer Video Swtchers and Router Family: including VP-778, VP-558, VP-445 (IP control supported)	Kramer Guide
	Liberty AV video switchers: INT-HD52, DL-S3H1V-C, DL-HDM44A-H2 and DL-HDM88A-H2 (IP control supported)	Liberty AV Guide
	Monoprice Blackbird 4K 4x4 (RS-232 control only, require Ethernet to RS-232 adapter (Aveo part 151.0010.001))	Monoprice Guide
	Skreens Wall In A Box: Universal driver	Skreens Guide
